If you like fast-paced adventures set in the west, you will love **The Case of the Deadly Desperados** by Caroline Lawrence. Even if you don't love fast paced fast-paced adventures set in the west, you should read this book anyway. 12 year old P.K.'s parents have been murdered and he finds himself on the run from 'Whittlin' Walt and his two pard. I am not going to tell you why P.K. is on the run or why they call him Whittlin' Walt, you will have to read the book to find out. Luckily, this is the first book in a series called Western Mysteries. If you need more convincing, take a look at the book trailer.
